Above product code is for the type of direct drainage. Please select correct code when ordering.

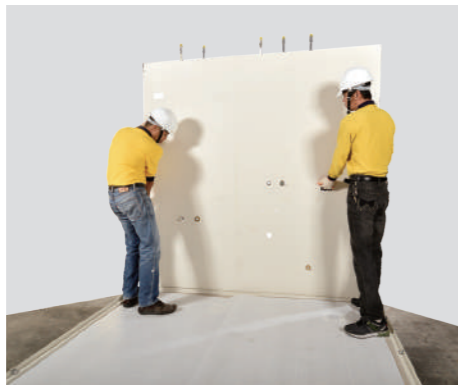

PUDA GRP bathroom pod is composed of panelized floor base, wall panels and ceiling manufactured by high technic raw material and innovative manufacturing technology, with the integration of sanitary and MEP system. One unit of bathroom pod could be finished within **4 ~ 8** hours.

INSTALLATION

1. Floor base install

2. Wall panel install

3. Door install

4. Ceiling install

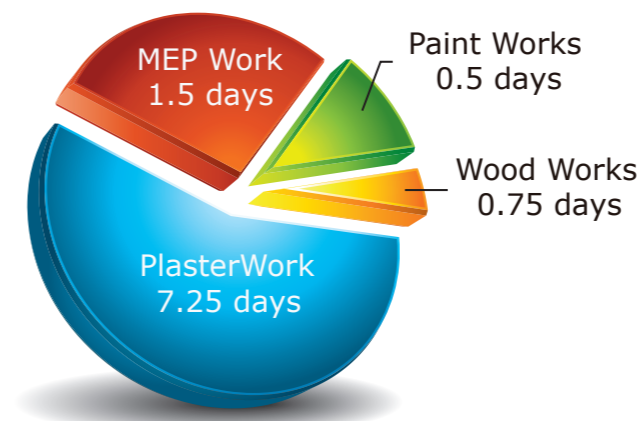

5. Fittings install

6. Completed Unit

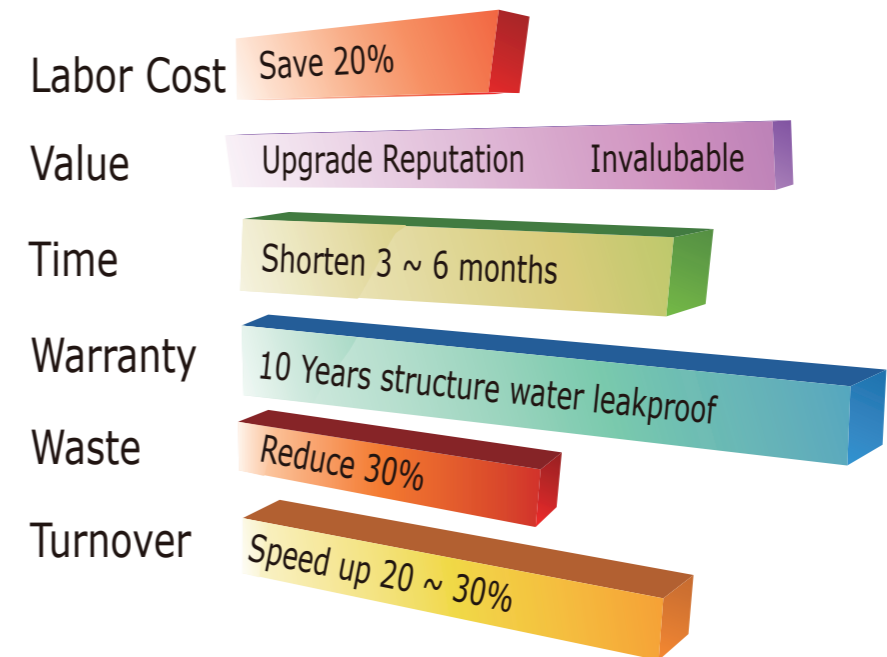

BENIFIT

Fast Install, Single Source

7.25 days for traditional bathroom work

Only 4 ~ 8 hours for PUDA bathroom pod

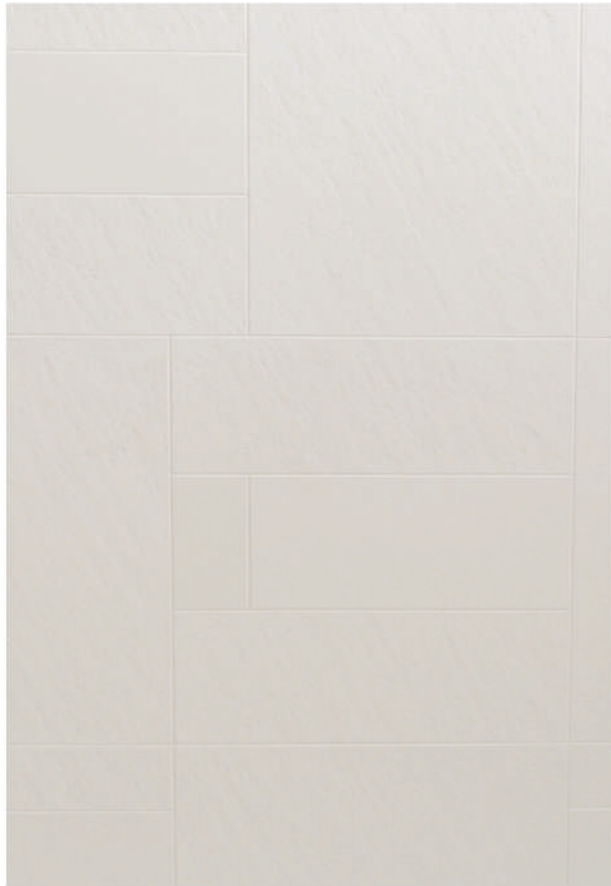

FEATURE

GRP WALL PANEL

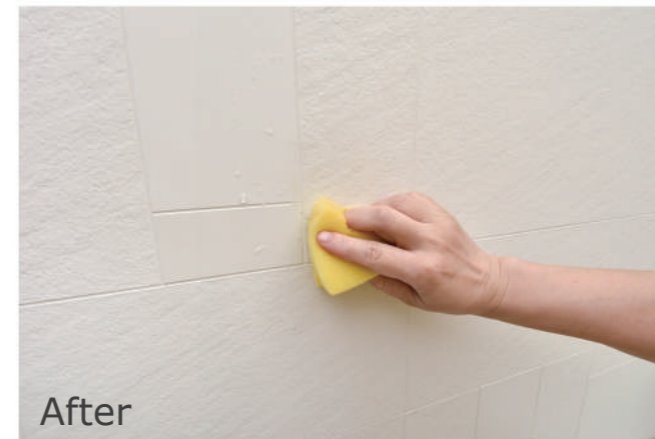

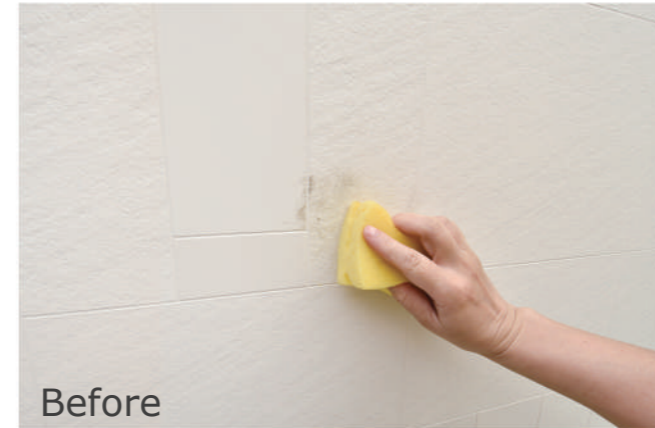

TILED PATTERN

Tiled pattern embossment surface, Anti corrosion material, good durability.

EASY CLEAN

Easy and simple clean design.

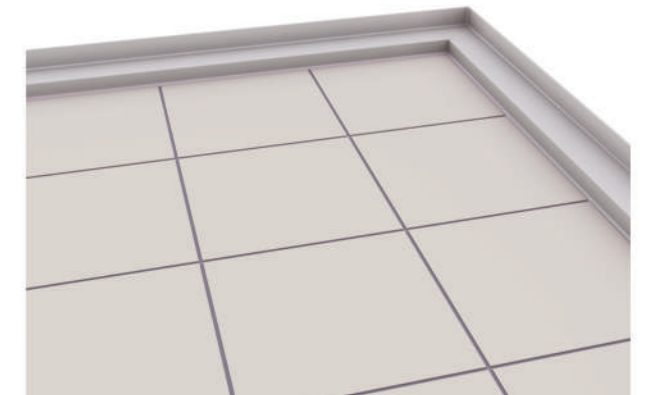

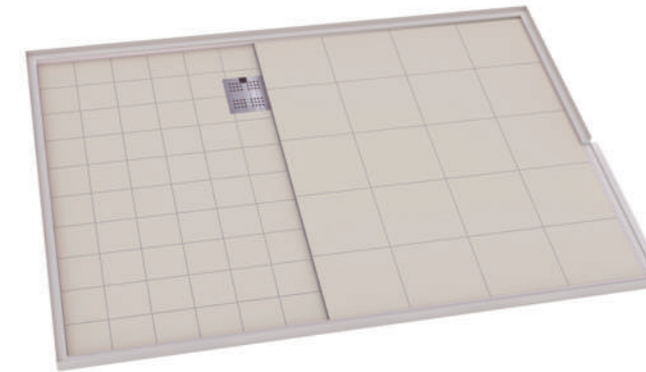

GFP CEILING

Same material as wall panel. One piece molded, dome shape. Maintenance Hatch.

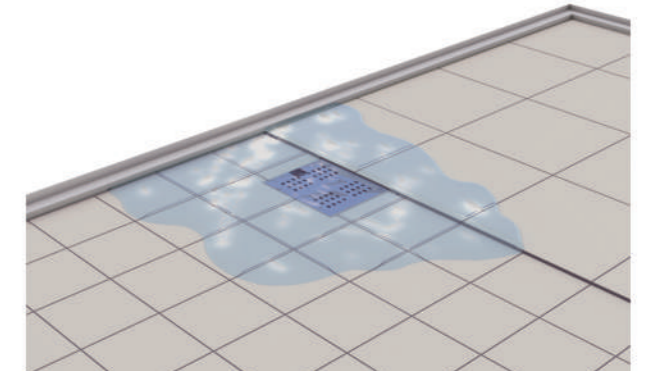

TILED FLOOR

100% LEAKPROOF

Water stop line design to guarantee 100% leakproof

Draining slope design to meet 100% drainage

Polished tile surface, artistic and easy clean

Exclusive deodorant drain, easy clean

Lower threshold, safer and durable

Draining slope design in bath area, no obstruction

MODELS

FUNCTION

DELICATE

Nature style design

Arch shape to create more space

Mounted basin mixer, more storage space

Reduce mold, easy clean

Small size tiles to create anti-slip function

Nature style door set, solid and durable

Unique mirror clips to provide safer installation, remove easily

STORAGE SPACE

Simple cabinet for more storage space

Removable counter hole for easier maintenance

DRY/WET SEPERATION

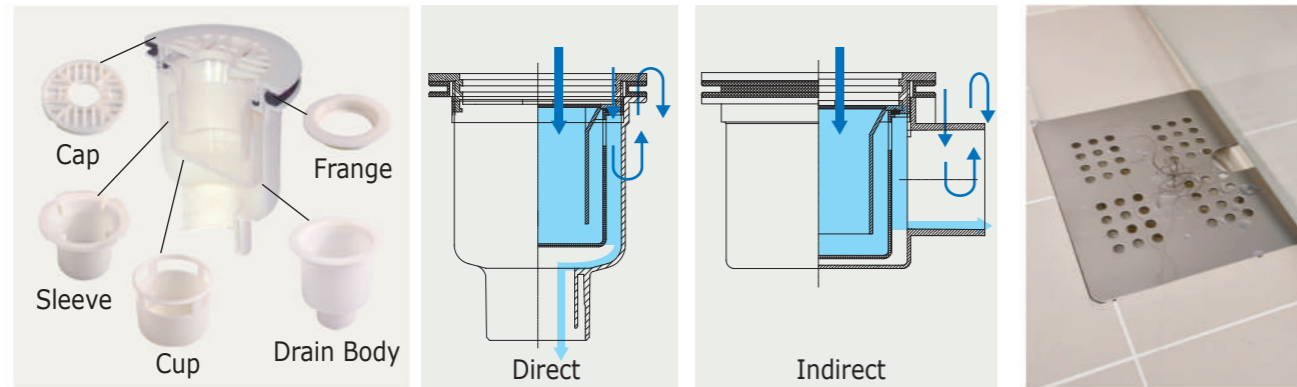

Shower screen for wet insulation

Diverse curtain location to create more shower space

FUNCTION

EASY CLEAN

Removable design, easy clean Deodorant design

Drain cover to block hairs

Cleaning Steps

Removable side panel to have easier repair

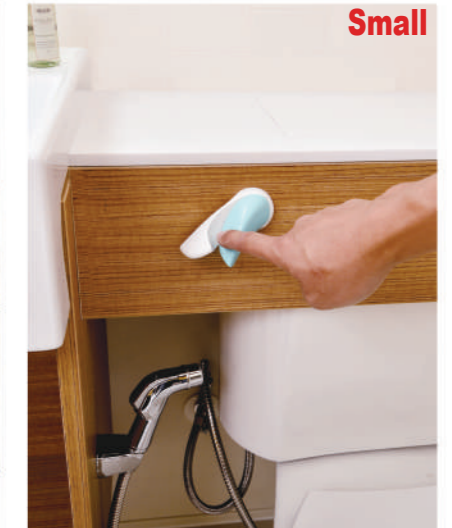

Bidet sprayer for body cleanin or bathroom cleaning

SAVE ENERGY

Water efficient toilet, meet LEED standard, save engery

LED down light, durable, low energy, install simply

SMART

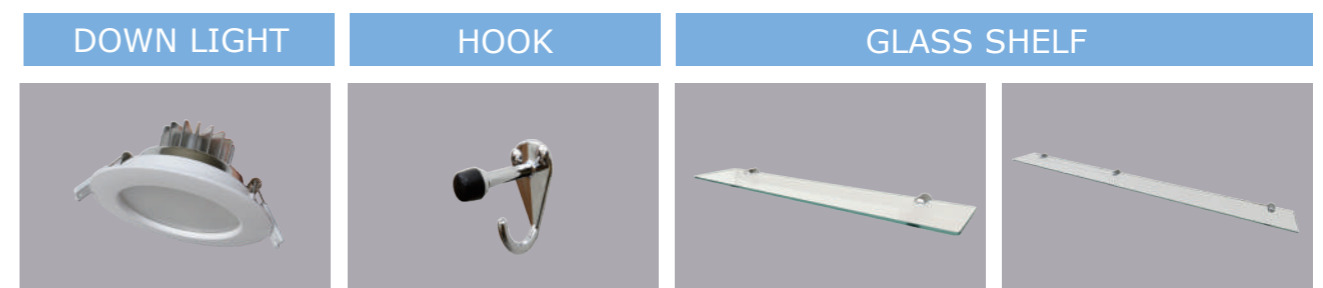

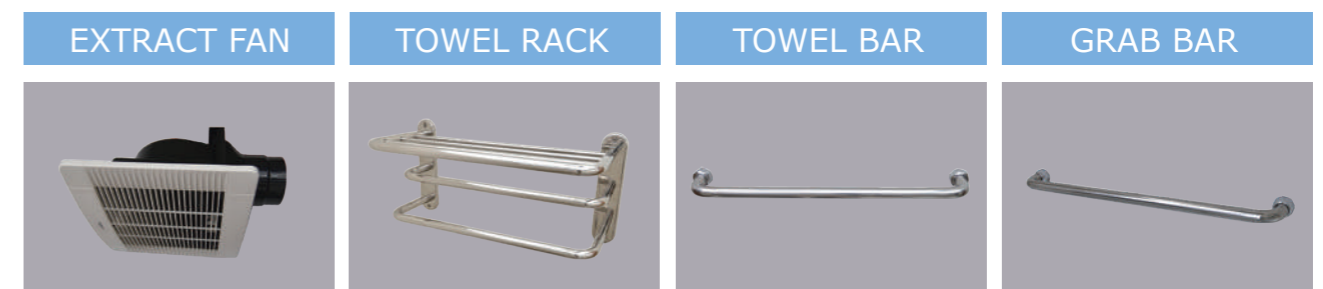

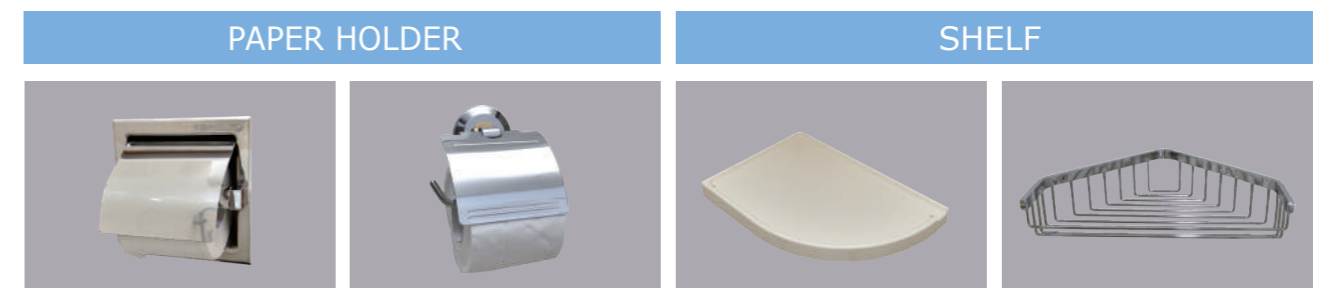

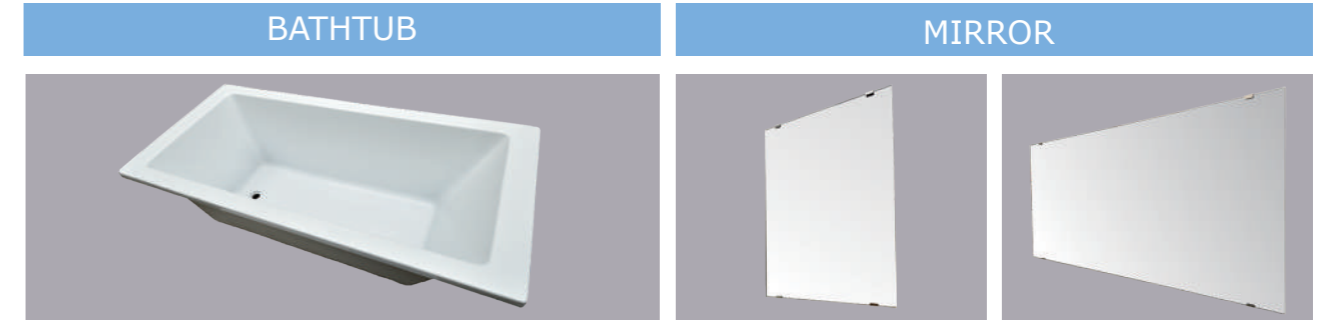

Smart washlet for better cleaning function

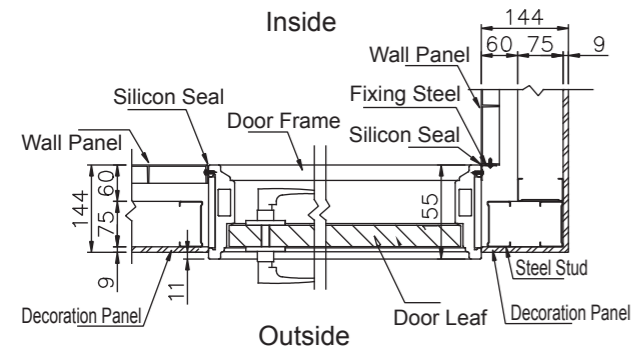

Remote controller easy operation

ACCESSORIES

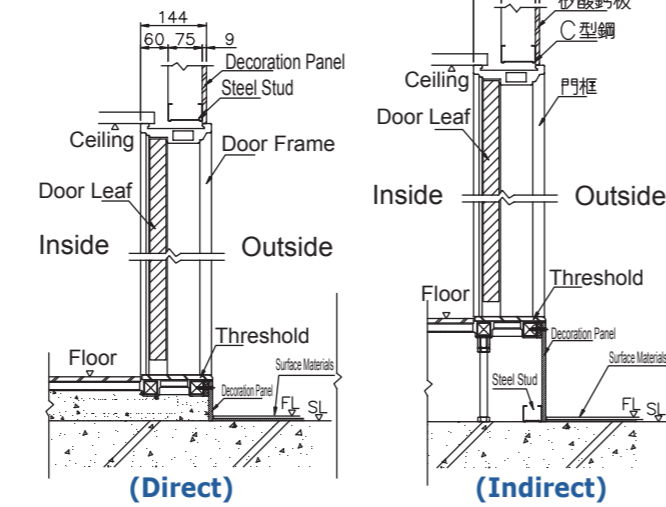

DOOR FINISH

TOP

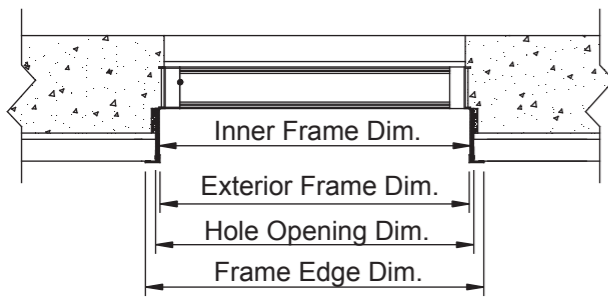

SECTION

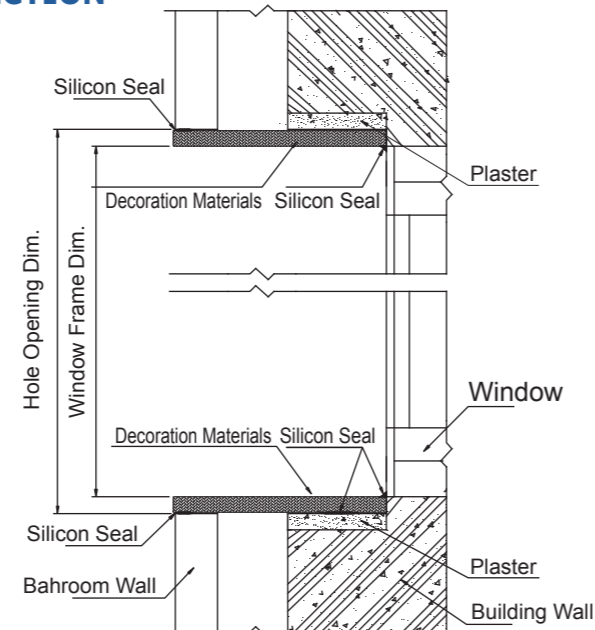

WINDOW FINISH

TOP

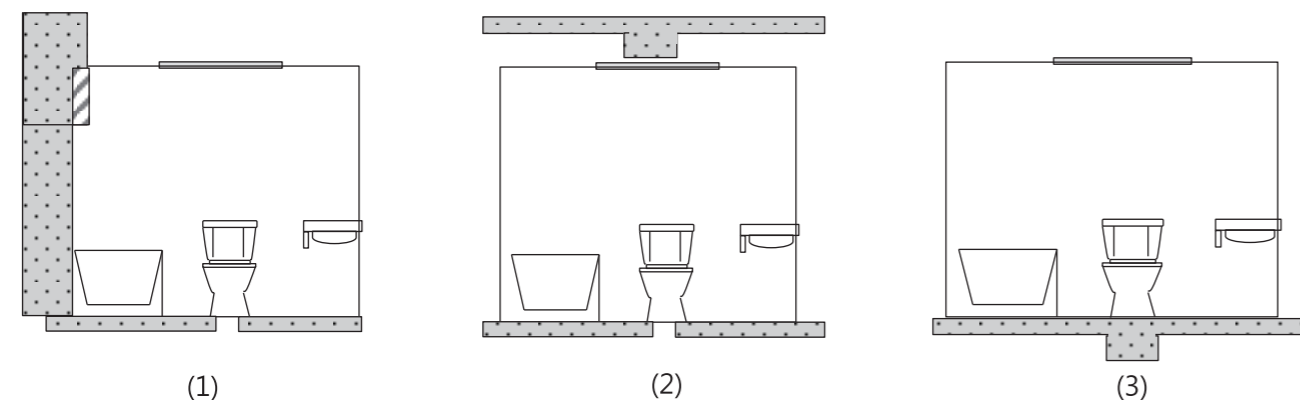

(Door frame material could be aluminum, wood, plastic, nature stone, engineered stone, stainless steel, etc.)

SECTION

LIMITATION

Following building design is not suitable for using bathroom pod.

INTERFACE

A. Fresh Pipes Interface

100mm above ceiling ; 1/2 " pipe adapters.

B. Electricity Interface

Cables connect to ceiling junction box.

C. Extract Fan

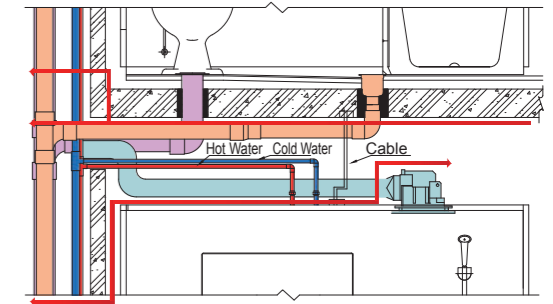

Other trades will be responsible for the pipes from the extract fan.

D. Fresh Pipes Interface

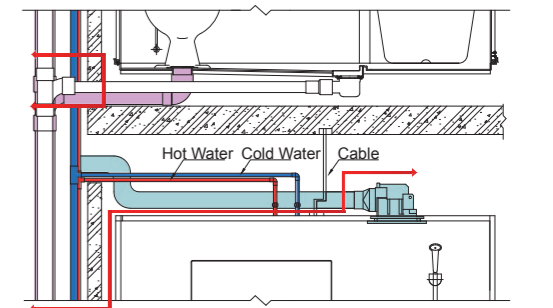

100mm outside bathroom or 100mm below down stair floor.

- cold water
- waste pipe
- HAVC pipe
- hot water
- sewage pipe
- ➔ work interface
- ⚠ bathroom interface is excluded plumbing & decoration work.

■ Direct Drainage

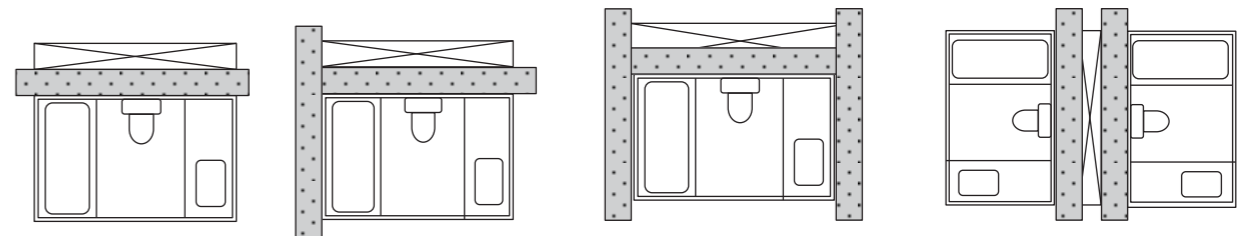

■ Indirect Drainage

NOTE

■ INSTALL ENVIRONMENT

Bathroom pod could be installed after the building work as above.

■ BARRIER FREE

For barrier free design, the recess slab requires over 70mm in depth.
